## St Columba's School Vision, Mission & Values

### Vision

The St Columba's school is a learning community that is:

### Mission

At St Columba's we believe that all children will be successful. We personalise learning in a stimulating environment to develop the whole child. Collaboration and shared ownership underpin all we do.

We aim to provide an environment where children feel safe and are free to enjoy life, without any concern for their safety.

We are a community invited to a relationship with God and are called to bring the Gospel to life.

### Values
